<b>Fabrics</b>	Based on white polyamide 25 g	<b>Supplement information</b>	50 dernier wires
<b>Type Of Cuff</b>	Fork cut	<b>Exterior Finish</b>	Smooth
<b>Construction</b>	Cut and sewn		

## INSTRUCTIONS FOR USE AND STORAGE

**Instructions for use :**

- It is recommended to pre-test the gloves, as the actual conditions of use may differ from those of the "EC" tests. Performance levels are only guaranteed on the palm of the glove when new.
- Wear gloves on dry, clean hands.
- Do not use gloves in contact with a chemical product for longer than the measured permeation time. Refer to the website [www.europrotection.com](http://www.europrotection.com)
- In use with a dangerous liquid, turn the cuff edge over to prevent drops from falling on the arm.

**Storage instructions :**

- Keep gloves away from light, moisture and sources of heat.

**Cleaning instructions :**

- The washing of the gloves varies according to the materials of the product. See the recommendations on the package leaflet.
