

Warmer

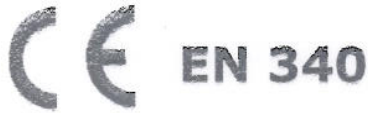

Size	NAVY	GREY	BLACK
M	SWARNM	SWARGM	SWARBM
L	SWARNL	SWARGL	SWARBL
XL	SWARNXL	SWARGXL	SWARBXL
XXL	SWARNXXL	SWARGXXL	SWARBXXL

General Descriptions/ Fabrics

Material	50% acrylic/ 50% wool, gauge: 7
Neck	Classic
Reinforcement	2 pieces of reinforcement on shoulder & 2 pieces of reinforcement on elbow
Zipper	Full zipper
Weight	540 g/m ²

Standard

This garment complies with EU Directive 89/686/EEC and Standard EN340.

EN 14068: 2004 Class 21XXX

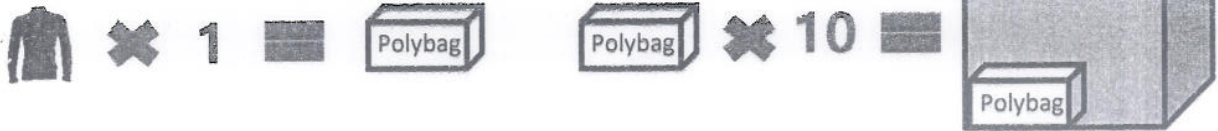

- Thermal resistance = 2/3
- Air permeability = 1/3

Washing instructions:

40 possible washing

Packaging

10 pieces in 1 carton

Norms Explanation

CE EN 340:2003

Protective clothing - General requirements
 Ergonomics
 Irritancy
 Size designation
 Ageing
 Compatibility and marking of protective clothing and
 The information to be supplied by the manufacturer with the protective clothing

EN 343: 2003

Protective clothing against rain
 X: Resistance to water penetration (3 levels)
 Y: Water vapour resistance - Breathing properties (3 levels)

ABCDE EN 14058

EN 14058

Protective clothing against cold- Temperature from and above -5°C

A: Thermal resistance class (3 levels)
 B: Air permeability class (3 levels)
 C: Water penetration resistance class (2 levels)
 D: Water vapour resistance
 E: Resulting thermal insulation

EN 342: 2004

EN 342: 2004

Protective clothing against cold
 A: Basic resulting insulation
 B: Resulting thermal insulation
 C: Air permeability (3 levels)
 D: Water penetration resistance class (2 levels)
