

**TWIST LOCK ALUMINIUM KARABINER**

Ref. 71118

**GENERAL DESCRIPTION AND MATERIALS**

- Material: **aluminium**
- Quarter turn locking system
- Static strength > **23KN**
- Weight **243 g (+/-5%)**
- Max. opening : **60 mm**

**SPECIFIC ADVANTAGES**

- **Solid**
- **Simple**
- **Light**

**MAIN APPLICATION FIELDS**

- High rise works along with a fall arrestor or work positioning system
- Mountaineering
- **Construction and civil engineering**

**PACKAGING**

- Individual
- Box of **25 units**

**STANDARDIZATION**

This equipment complies with the PPE model subject to  
**The EC type examination certificate 5840 Issue 1 Ext 1**  
 Issued by SATRA (**organization n° 0321**)

**EN 362:2004****Classe A & T**
